# BuildMat

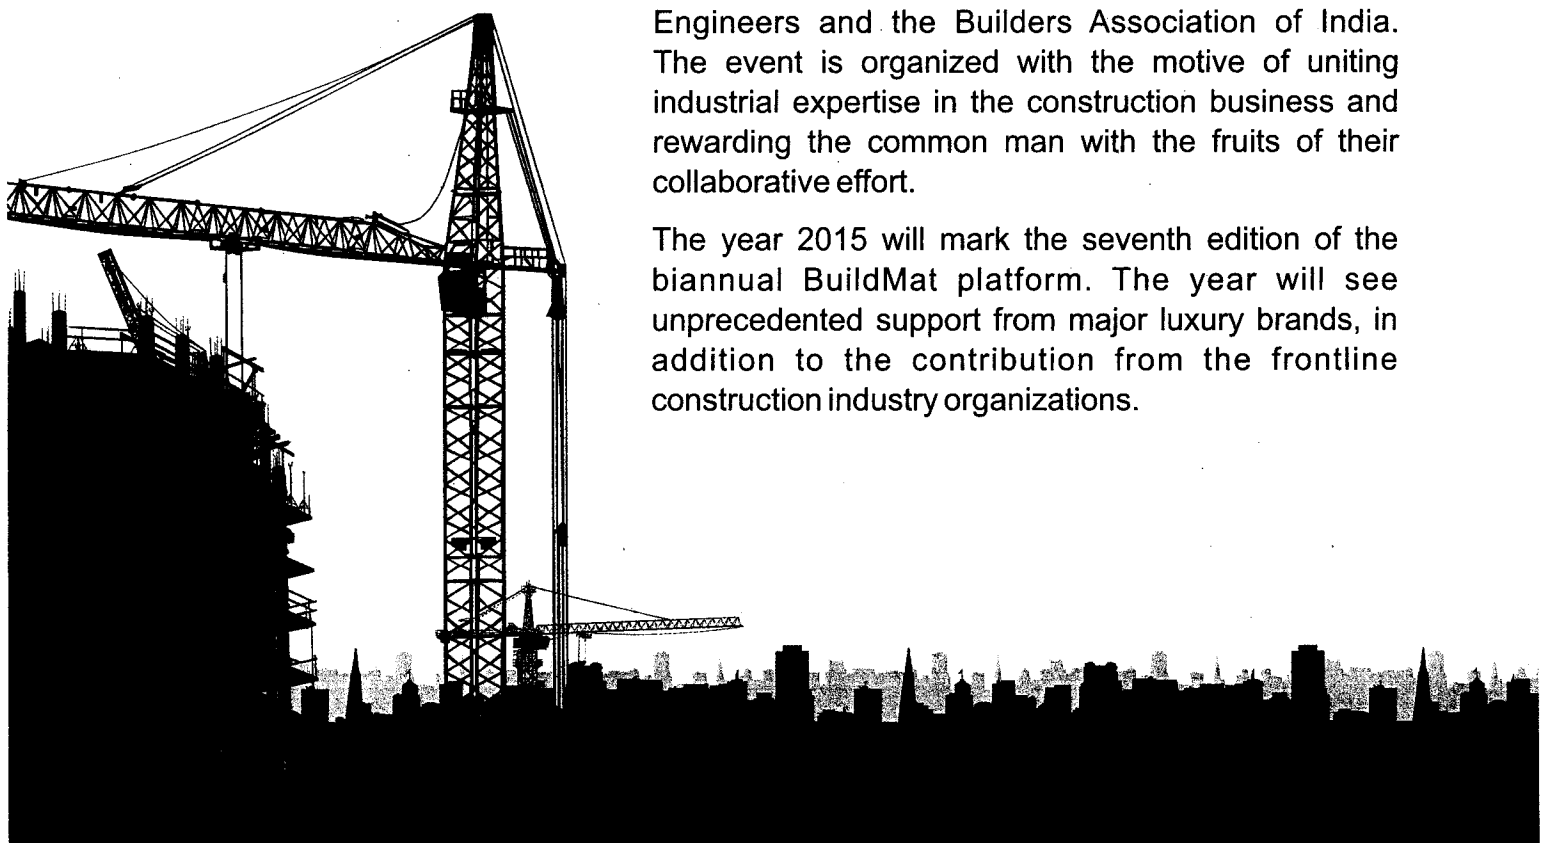

2015 International Construction & Interior Fair

## About BuildMat

BuildMat is the most comprehensive exposition for the aspiring home owner, developer, builder or decorator, to go hands on with the evolving trends in building materials, architectural and building services. The expo will serve as a one stop shop for architecture & engineering professionals to concern themselves with everything from building materials, construction technologies, machinery & equipments, sanitary & plumbing, interiors and the needs of the realty sector.

BuildMat is an expo organized by three leading entities of the construction industries in Coimbatore, the Indian Institute of Architects, Association of Consulting Civil Engineers and the Builders Association of India. The event is organized with the motive of uniting industrial expertise in the construction business and rewarding the common man with the fruits of their collaborative effort.

The year 2015 will mark the seventh edition of the biannual BuildMat platform. The year will see unprecedented support from major luxury brands, in addition to the contribution from the frontline construction industry organizations.

### Why exhibit?

The BuildMat platform provides exhibitors a chance to interact with other players in their industry, enhancing the much-needed advantage through the growing demands of the business. Smaller and relatively new outlets get ahead of their game by obtaining maximum visibility from participating exhibitors, professionals involved in the business, visitors and the media.

### Exhibitors Profile

BuildMat 2015 will comprise Indian as well as International businesses showcasing their products and services. Exhibitors will be housed in different halls based on their profiles, primarily dominated by trade businesses, especially construction material and interior products. Realty companies and other services constitute the secondary half of exhibitor profiles.

## About Coimbatore

Coimbatore is considered as top tier business destination in the country for its ability to attract talent and the availability of human capital playing a significant role in its growth. In a survey quoted by the Ministry of Urban Development and conducted by the Global Initiative for Restructuring Environment and Management (GIREM), Coimbatore has scored 119.84 points out of 160, topping several major cities in the country. With business opportunities flowing in from various avenues throughout the year, the city is an apt destination for trade fairs, seminars and symposiums that are being hosted by some of the most distinguished business houses around the country. The city is also very much known for its educational institutions, the pleasant climate it dons throughout the year and the open minded and friendly people inhabiting the city that lays foundation for a robust real estate industry.

## BuildMat Organisers

ASSOCIATION OF CONSULTING  
CIVIL ENGINEERS (INDIA)  
- Coimbatore Centre

The Association of Consulting Civil Engineers (India) was formed and registered in 1985 by a group of Consulting Civil Engineers in Bangalore. The main object of the association is to encourage and foster the ideals of the profession, to hold conferences / meetings / seminars for dissemination of knowledge amongst the civil engineers in particular and the society at large. ACCE (I) with its head quarters at Bangalore, has since grown into a National Association with centres formed all over India.

BUILDERS ASSOCIATION OF INDIA  
- Coimbatore Centre

The Builders Association of India (BAI) was formed in 1941 in Pune with guidance from Brigadier Jackson, who also allotted office space in the Military Compound. In the last 72 years since its inception, the BAI has grown by leaps and bounds. Today, it has nearly 30,000 members across 100 centres spread over the length and breadth of the country, with its headquarters at Mumbai. BAI is the member of "International Federation of Asian Western Pacific Constructors Association".

THE INDIAN INSTITUTE  
OF ARCHITECTS  
- Coimbatore Centre

The Indian Institute of Architects (IIA) is the national body of architects in the country. Having started in the year 1917, it has more than 15,000 members today. The Institute has a major role in promoting the profession of architecture by organizing and uniting in fellowship the Architects of India, to promote aesthetic, scientific and practical efficiency of the profession both in practice and in education.

IIA is represented on various national and international committees connected with architecture, art and the building industry and is also actively associated with International Union of Architects (UIA), Commonwealth Association of Architects (CAA) and South Asian Association for Regional Co-operation of Architects (SAARCH).
